Presents

A Virtual International Mother Earth Day Celebration

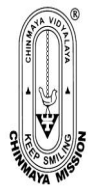

GAEA

(Eulogizing Mother Earth)

2K21

*A Clarion Call for
Environmental Renaissance*

PRINCIPAL'S MESSAGE

Swami Chinmayanandaji observes, "The future is carved out of the present moment. Tomorrow's harvest depends upon today's ploughing and sowing."

In Greek mythology, Gaea is the primordial deity, the spirit of Earth who birthed all forms of landscape, flora and fauna. Gaea represents an all loving, nurturing and a divine cosmic force which ensures life on earth.

GAEA – 2K21- A Clarion Call for Environmental Renaissance, is a sedulous striving of VBCV to catalyze the green thumbs into action and empower them to promulgate their concern about environmental degradation and environmental reconstruction. This multi-event fest bears a polyphonic manifestation of the theme of the present year as proclaimed by Earth Day Network which is 'Restore our Earth'. Ideally, this celebration would be a clarion call to the youth to obliterate churlish attitude and to reinstate their belief in the adage, "The poetry of the earth is never dead."

I cordially welcome all school Principals to register participation of their students in International Mother Earth Day Celebration. Let's adorn ourselves with the effervescence of beauty embedded in nature, that beauty which invariably connects us with the various elements of Gaea.

Let's Celebrate the Spirit of Earth!
