Presents

KIDZBLITZ

Virtual Kiddopedia On Corona

Organized by VBCV, Telco Colony, Jamshedpur-831004

MESSAGE

FROM PRINCIPAL

Swami Chinmayanandaji opines: "Let the inner nature in children be nurtured and brought out in a serene environment."

Psychological resilience of young minds is the call of the hour during the COVID -19 pandemic. This thought built air under our wings to conceptualize KIDZBLITZ - A Virtual Kiddopedia on Corona which aims at addressing our anxiety and fear as individuals, communities and organizations. The world leaders and adults have been instrumental, but we must remember that "child is the father of man", words of resilience, wisdom and caution uttered from the kids tongue eccentrically spreads the purport in critical times to create impact.

Dr Hans Henri P. Kluge, WHO Regional Director for Europe noted - "The issue facing each and every one of us is how we manage and react to the stressful situation unfolding so rapidly in our lives and communities. Here we can draw on the remarkable powers of strength and cooperation that we also fortunately possess as humans. And that is what we must try to focus on to respond most effectively to this crisis as individuals, family and community members, friends and colleagues. "

WHO takes the impact of the pandemic crisis on people's mental health very seriously and is monitoring the situation , but many of the questions when answered by kids promote collaborative approach to co-exist albeit with resplendence sumptuous to coax blandishments towards succour sensitization on global issues.

Children are very perceptive and will model how to respond to their carers. Parents also need to be supported in managing their own stressors so that they can be models for their children. Helping children to find ways to express themselves- if that is possible - through these activities, particularly if they are not going to school anymore, is imperatively beneficial.

I sincerely hope that this event will result in long term association ,collaboration and engagement with educational visionaries as we engage in spreading awareness during fight against COVID. Let's remember that pandemic crisis is not over yet and our moribund complacency would shadow the efforts of corona warriors. I extend heartfelt welcome and gratitude to all the schools, their visionary heads and the little angels who are all set to hog the limelight once they take the centre stage of spreading awareness and happiness during pandemic.

The motto of the Vidyalaya 'Keep Smiling' is the reminder of our quest. May awareness and happiness spread to maximum people for maximum period of time!!

MRS. MINA WILKHU
